

VICTIM ADVOCACY GUIDELINES

The intent of this guide is to help you expand and enhance your Victim Advocacy services. This project was developed by the Regional Children's Advocacy Centers in consultation with National Children's Alliance and National Children's Advocacy Center.

OVERVIEW

The Regional CACs have created Victim Advocacy Guidelines to help CACs provide specialized advocacy services to the children and families in your communities and to help CACs meet the Victim Advocacy Standard for Accreditation for National Children's Alliance (NCA). This is one tool to assist in your development. Additional support can be found within the document [Putting Standards into Practice: A Guide for Implementing the 2017 Standards for Accredited Members](#).

Definition. The Standard for Victim Advocacy is defined by NCA as: *Victim support and advocacy services are provided to all CAC clients and their caregivers as part of the Multidisciplinary Team response (National Children's Alliance Standards for Accredited Members, 2017 Edition)*. The goal is for the CAC and MDT partners to work together to ensure specialized victim advocacy and support services to children and their non-offending caregivers. This includes a process for seamless transition from CAC advocate to community agency advocate (if any) to prosecutor's office advocate.

I. INITIAL TRAINING REQUIREMENTS

The NCA Standards for Accreditation require that Victim Advocates have a minimum of 24 hours of training on the following topics:

1. Dynamics of abuse
2. Trauma-informed services
3. Crisis assessment and intervention
4. Risk assessment and safety planning
5. Professional ethics and boundaries
6. Understanding the coordinated multidisciplinary response
7. Assistance in accessing/obtaining victims' rights as outlined by law
8. Court education, support, and accompaniment
9. Assistance with access to treatment and other services, including protective orders, housing, public assistance, domestic violence intervention, transportation, financial assistance, interpreters, among others as determined for individual clients (National Children's Alliance Standards for Accredited Members, 2017 Edition)

This **initial** training can be obtained and documented from a variety of sources, either in person or online (sample documentation form included as Attachment C).

If training has been conducted in a more informal way, it is required that an agenda and a list of topics be outlined and documented for submission with the application for NCA accreditation. If you have multiple advocates working with the CAC (CAC Advocate, Community Advocate and Prosecutor Advocate), each Advocate must have completed and documented the 24 hours of initial training. Below are some available training opportunities to assist you in meeting the Standards and increasing your skills and knowledge related to victim advocacy.

VI. ATTACHMENTS

ATTACHMENT A: SAMPLE VICTIM ADVOCACY PROTOCOL

CACs should have a written protocol that outlines the constellation of services provided by a family/victim advocate. The protocol should outline the different advocates (CAC Advocate, Sexual Assault Center Advocate, Prosecutor Advocate) that may be involved with a case and their roles and responsibilities. Please note this is intended as a SAMPLE and should be carefully reviewed by the CAC Board of Directors or other governing entity so that it can be revised appropriately to accurately reflect YOUR organization, its capacity and service provision.

Additional notes:

- *CACs use different terms for this role: victim advocate, family advocate, family services facilitator, family support services etc. In some CACs the Advocate will remain the same though the investigation and prosecution.*
- *Victim Advocacy protocol must outline the array of advocacy services, using linkage agreements if multiple agencies. Protocol also must outline how follow up services are documented throughout the life of the case.*
- *Some Victim/Family Advocates have multiple roles throughout the initial phases. Please outline in the Victim Advocacy section of the protocol if Advocates have other duties, such as intake, case tracking, facilitating case review, etc.*

DRAFT TEMPLATE

Victim/Family Advocacy services are provided at _____ through the initial investigation, follow up services, and prosecution (if any) for all child abuse cases. Advocacy services are provided to all victims and non-offending family members regardless of their financial background or ability to pay. Children and families in crisis need assistance in navigating the multiple systems involved in the CAC response such as law enforcement, child protection, prosecution, medical and mental health services. Specialized victim support and advocacy will reduce trauma to children, improve outcomes of investigations and prosecutions, and provide critical support and crisis intervention to the non-offending parent/guardian.

I. INITIAL AND ONGOING TRAINING: Victim/Family Advocates will receive on-site training by _____. Additional training is provided through various partnering agencies including _____, along with in person or online trainings through _____. The Victim Advocacy Protocol is based on the Victim Bill of Rights, _____ General Laws, Chapter _____ which provides for rights and services to crime victims and survivors within the criminal justice system. A copy of _____ General Laws, Chapter _____ is attached.

II. SERVICES PROVIDED: (A Victim/Family Advocate checklist is available – though not required – to document these services:

1. Crisis assessment and intervention, risk assessment and safety planning and support for children and family members at all stages of involvement with CAC,
2. Assessment of individual needs, cultural considerations for child/family and ensure those needs are addressed,
3. Presence at CAC during the forensic interview to participate in information sharing, inform and support family about the coordinated, multidisciplinary response, and assess needs of child and non-offending caregiver,

4. Provision of education and access to victim's rights and crime victim's compensation,
5. Assistance in procuring concrete services (housing, protective orders, domestic violence intervention, food, transportation, public assistance etc.),
6. Provision of referrals for trauma focused, evidence –supported mental health and specialized medical treatment, if not provided at the CAC.
7. Access to transportation to interviews, court, treatment and other case-related meetings,
8. Engagement in the child's/family's response regarding participation in the investigation/prosecution,
9. Participation in case review to: communicate and discuss the unique needs of the child and family and associated support services planning; ensure the seamless coordination of services; and, ensure the child and family's concerns are heard and addressed,
10. Provision of updates to the family on case status, continuances, dispositions, sentencing, inmate status notification (including offender release from custody),
11. Provision of court education & courthouse/courtroom tours, support, and court accompaniment,
12. Coordinated case management meetings with all individuals providing victim advocacy services.

III. ROLE AT FORENSIC INTERVIEW: A Victim/Family Advocate is present at the time of the forensic interview to meet with the MDT team during the pre-meeting to discuss and share information with the MDT; the advocate meets with the caregiver during the forensic interview to provide information and support. The information shared should include an overview of the visit to the CAC, including the forensic interview; medical exam options; mental health services; Victim Compensation information; names and contact information of all team members present; referrals for follow up services and any other appropriate materials for non-offending caregivers. The Advocate will meet with the team for the post-meeting with the MDT to discuss the outcome of the interview and the next steps, before bringing in the caregiver for the post-meeting. Ideally, other CAC staff/volunteer will sit with the child during this time.

IV. ROLE AT CASE REVIEW: A Victim/Family Advocate is present at Case Review to discuss the needs of the child and family and how things are going in the aftermath of the disclosure and forensic interview. The Advocate also reports on referrals made and services in place. The Advocate also discusses any concerns of the child/family about services or potential prosecution.

V. DISCUSSION OF MULTIPLE ADVOCATES: More than one Victim Advocate may perform these functions at different points throughout a case, requiring continuity and consistency in service delivery. Several examples are:

- The CAC Advocate may work with the child and family at the time of the forensic interview to provide information, support, crisis intervention, referrals and follow up calls/meetings.
- The CAC Advocate may refer the child/family to a sexual assault advocate from a community agency.
- The sexual assault advocate may continue with advocacy and crisis intervention for a period of time and then transition to the prosecutor advocate if the case proceeds to court.
- The prosecutor advocate is responsible for provision of updates to the family on case status, continuances, dispositions, sentencing, inmate status notification (including offender release from custody), provision of court education & courthouse/courtroom tours, support, and court accompaniment.
